Summary

I am a web developer with 3.9+ years of top-quality PHP development experience. Highly skilled at creating applications with PHP web framework such as Laravel. Expertise in developing user interfaces with HTML, CSS and JavaScript and solid understanding of MySQL. Proven team player when working with internal cross-functional departments. Thrive in hands-on, action-oriented culture by working well under pressure and adapting to change quickly.

Experience

Appstonelab   Oct 2023 - Present
Laravel Developer   Surat, Gujarat 395004, India
🔗 https://appstonelab.com/

- Developed and enhanced RESTful APIs in **Adonis.js** to ensure streamlined data communication and performance optimization.
- Worked closely with front-end developers to ensure seamless integration of web applications.
- I'm currently learning **React.js** to enhance my skills in building dynamic and responsive web applications.

Vasundhara infotech   Sep 2020 - Oct 2023
PHP Developer   Surat, Gujarat 395004, India
🔗 https://www.vasundhara.io

- Utilized HTML, CSS, JavaScript Frameworks, and **Laravel**, for full-stack development, from front-end design to back-end implementation.
- Contributed to code reviews, offering constructive feedback to improve code quality. Identified and addressed functionality and performance issues within web applications.
- Managed and optimized **MySQL** databases to ensure data integrity and performance.
- Managed version control systems and assisted in **deploying applications** to web servers and provided troubleshooting support.
- **Leading a team** of four developers, where I provided mentorship and guidance on new projects and technology adoption.
- Communicated with clients to understand and fulfill their requirements effectively.
